Kansas Senate Must Act Now to Protect Working Families. Call Your Senator Now!

In March, the Kansas Department of Labor announced that the state's unemployment rate is the highest it has been in 25 years. To help struggling Kansans during this difficult economic time, Rep. Raj Goyle, D-Wichita, introduced legislation last month to bring nearly \$70 million in federal stimulus money to the state. The legislation contained two important provisions that strengthen the state's unemployment laws. House Bill 2374 will modify the method of determining a worker's base wage period and increase the number of workers eligible for unemployment benefits.

The House passed this important legislation. **Now the Senate must do their part.**

At a time when many are losing their job, it is critical that Unemployment Benefits must be strengthened.

Call your Kansas State Senator at 1-800-432-3924 and tell them:

"Vote for HB2374 to strengthen Kansas unemployment benefits and take advantage of \$70 million in Federal Stimulus money. A vote against HB2374 is a vote against Kansas's Working Families."
